

Undersea Life

Scuba diving is one way to get up close and personal with Bermuda's undersea life. If you're not a swimmer, shallow-water snorkeling is another great underwater adventure.

Circle all the creatures you might see in Bermuda waters:

angelfish rock fish
sea urchin yellowtail
brain coral dorkfish
grunt parrot fish

Want to know more about underwater sports? On the island, stop in at the Visitors Service Bureau.

Gombey Dancers

If you hear music in the streets, follow your ears to the Gombey Dancers. It's a special treat because you never know when or where they will show up.

The Gombey dancers dance to the music of drums, whistles, and pipes. They're all ages, from preschool on up. They might even invite you to dance with them.

Watch closely! What tells the Gombey dancers which dance to do?

Answer: The
23 8 9 19 20 12 3 19

To decode the secret word, use the letters of the alphabet in place of the numbers. 1=A, 2=B, 3=C, etc.

Fort St. Catherine

Fort St. Catherine was built in 1619 to guard the main strategic channel into St. George's Harbour. Its walls are 8 feet thick. That's the distance from floor to ceiling in most houses!

Visit the fort and see deep dungeons, swords, pistols, muskets, and 18-ton rifled muzzle loaders used to load cannons. It's a blast!

Some folks say there's a ghost here. Ask about him and write his name below.

The Deliverance

Bermuda was founded by Sir George Somers and a group of pilgrims from England. They were going to Virginia, but their ship wrecked in Bermuda.

The Deliverance is one of the ships they built to complete their trip. Hop aboard a replica of the Deliverance on Ordnance Island. Imagine what it was like to sail aboard this crowded ship.

How many men sailed on this ship? Find out and circle one.

Bermuda Aquarium, Natural History Museum and Zoo

Meet Archie and Charlotte, two wet and wonderful seals at the Bermuda Aquarium, Natural History Museum and Zoo. You also can squeeze a sea cucumber, peer at a python, and stare down a shark.

Have you heard how Bermuda was formed? Find out at the Museum. Or, unscramble the letters below.

Crystal Caves

In 1907, two young boys were playing a game of cricket when their ball went down a hole. Burrowing after it, they discovered a huge series of caves.

Today, you can go inside Crystal Caves. When all the lights are turned off, look up. You can still see the hole the ball went down.

Question: Which animated TV show has caves designed to look like Bermuda's caves?
